About

Dr. Wilson Yu received his BEng degree in Industrial, Manufacturing and Systems Engineering from The University of Hong Kong in 2000. He was a Croucher Foundation Scholar and obtained his DPhil in Engineering Science from The University of Oxford in 2005. His research interests include data science, business analytics, web analytics, digital transformation and data warehousing technologies.

Prior to joining HKBU, Dr. Yu was the Group Director of Data Scientists at FWD, having led the direction of digital analytics and machine learning practices. Dr. Yu held a number of managerial and consulting positions across industries including HSBC, Cigna, Las Vegas Sands Corp., McCann Group and Hong Kong Disneyland. He received a research funding grant at Hong Kong Polytechnic University and a teaching development grant at Hong Kong Baptist University.

Research Interests

- Data Science
- Business Analytics
- Web Analytics and Digital Transformation
- Data Warehousing and Fintech Applications

Selected Publications

- Yu, SB. Smart, J. Modeling of Manufacturing Complexity in Network Systems, VDM Publishing, 2009, ISBN: 978-3-639-09742-9
- Choy, KL. Yu, SB. et al. Design of an Intelligent Logistics Fleet Management System, Annual Journal of IIE (HK) 2006, Vol. 3, Number 2 (Best Paper Award)
- Yu, SB. Efstathiou, J. Complexity in Rework Cells: Theory, Analysis and Comparison, Journal of the Operational Research Society (2006) 57, 593-602 [Impact factor: 2.175]
